

SİNDİRİM SİSTEMİ KOMİTESİ

1. Musculus genioglossus
2. Musculus geniohyoideus
3. Musculus mylohyoideus

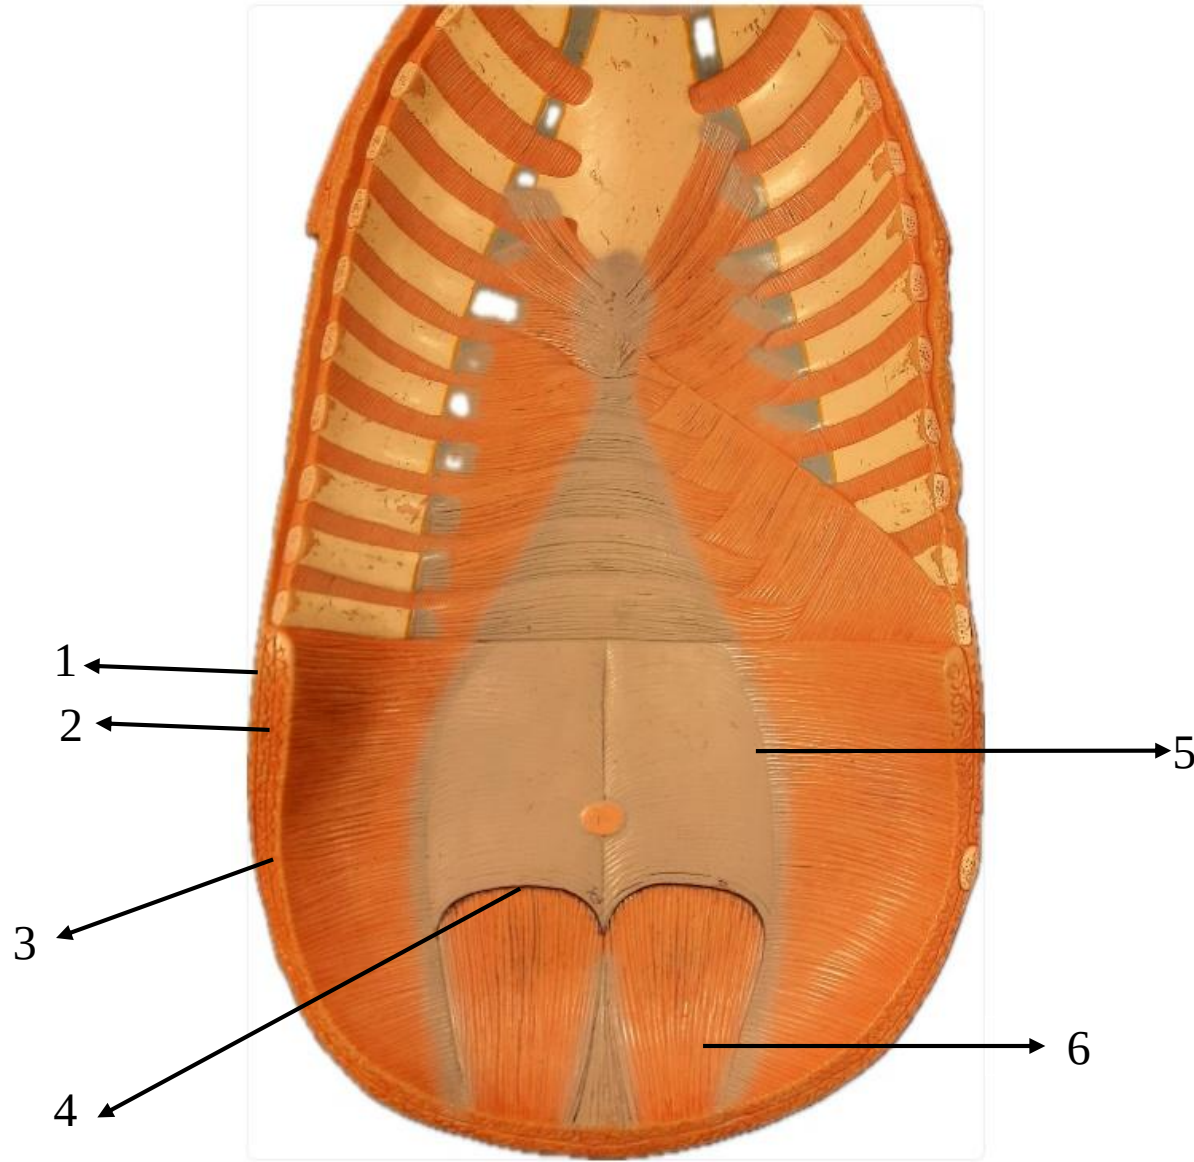

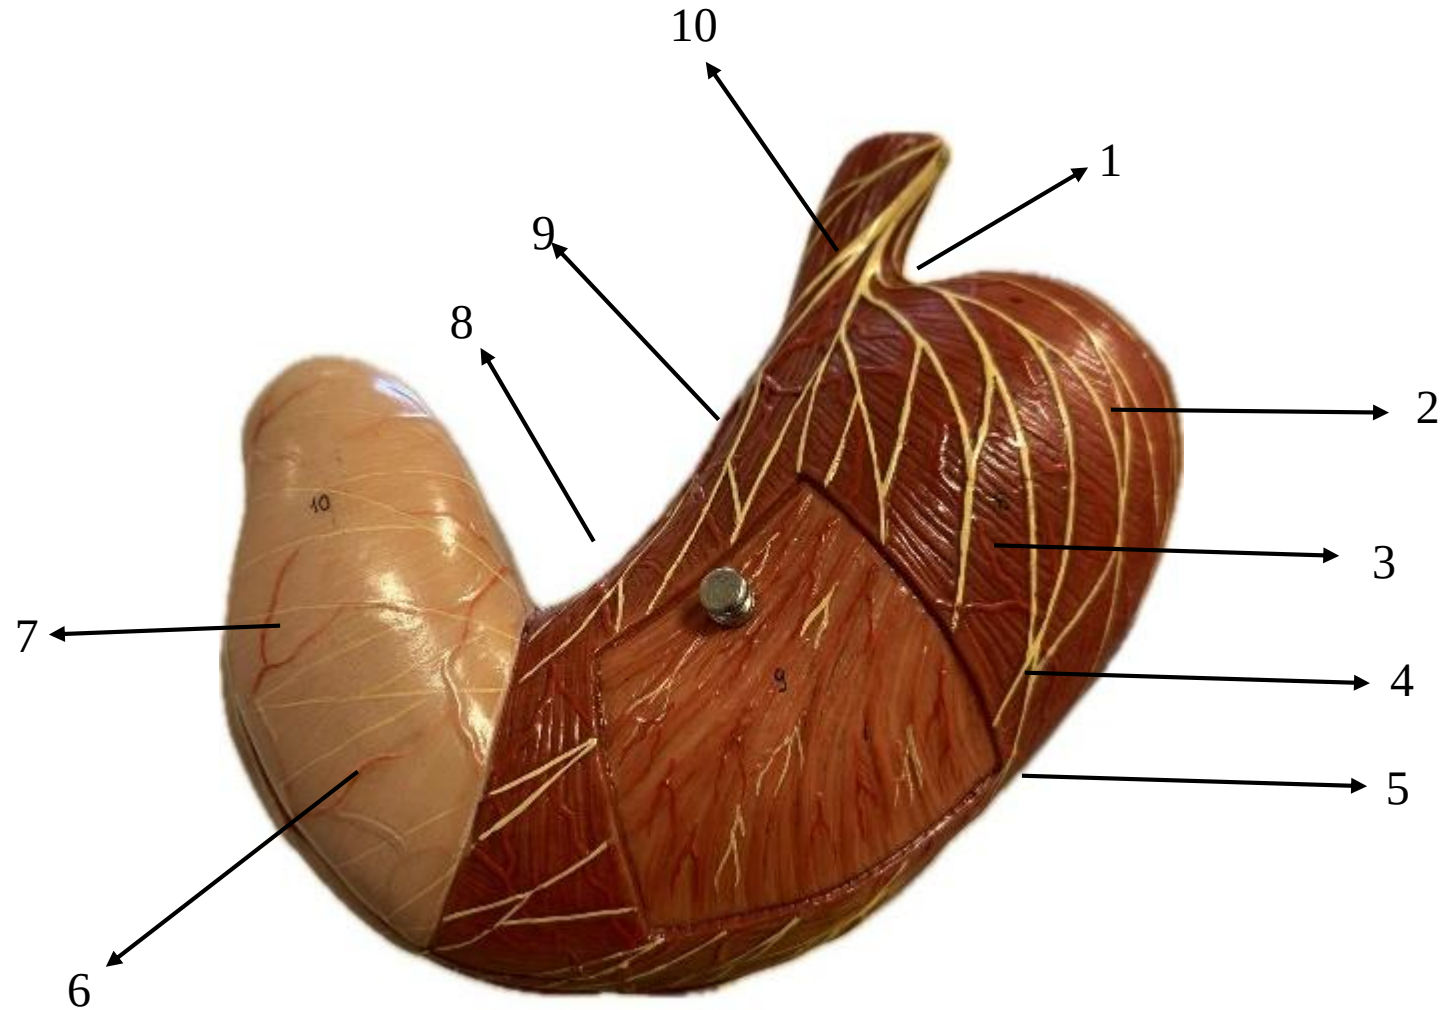

- 1.Sulcus terminalis linguae
- 2.Papillae foliatae
- 3.Dorsum linguae
- 4.Apex linguae
- 5.Foramen caecum linguae
- 6.Papillae vallatae
- 7.Sulcus medianus linguae
- 8.Papillae fungiformes
- 9.Margo linguae

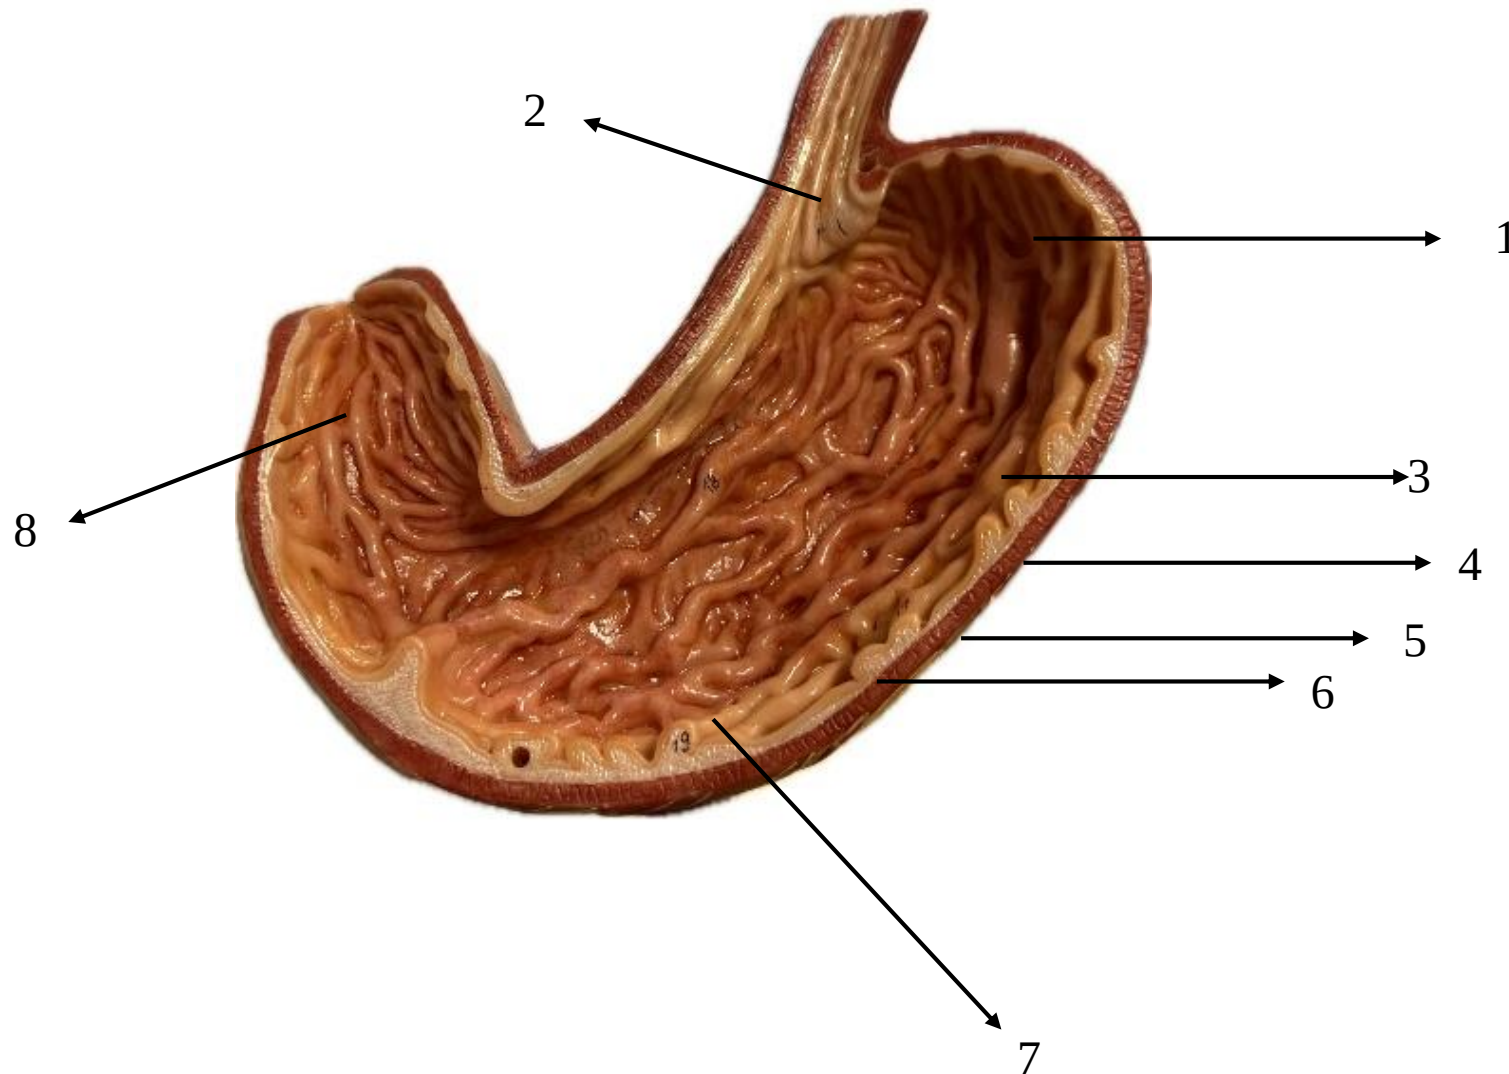

1. Musculus rectus abdominis
2. Musculus obliquus internus abdominis
3. Linea semilunaris
4. Musculus pectoralis majör
5. Linea alba
6. Vagina musculi recti abdominis
7. Musculus obliquus externus abdominis
8. Anulus umbilicalis

1. Musculus obliquus externus abdominis
2. Musculus obliquus internus abdominis
3. Musculus transversus abdominis
4. Linea arcuata
5. Vagina musculi recti abdominis
6. Musculus rectus abdominis

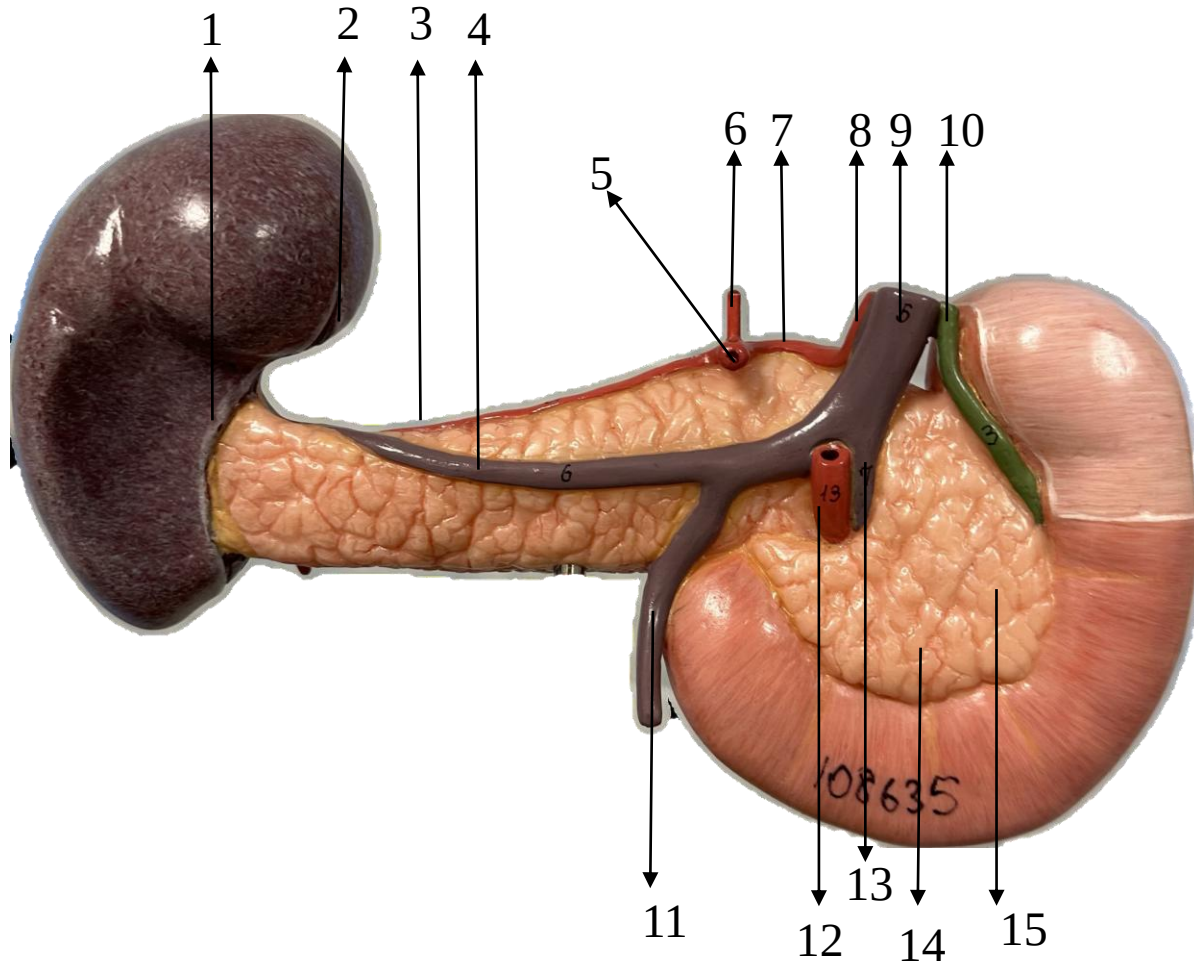

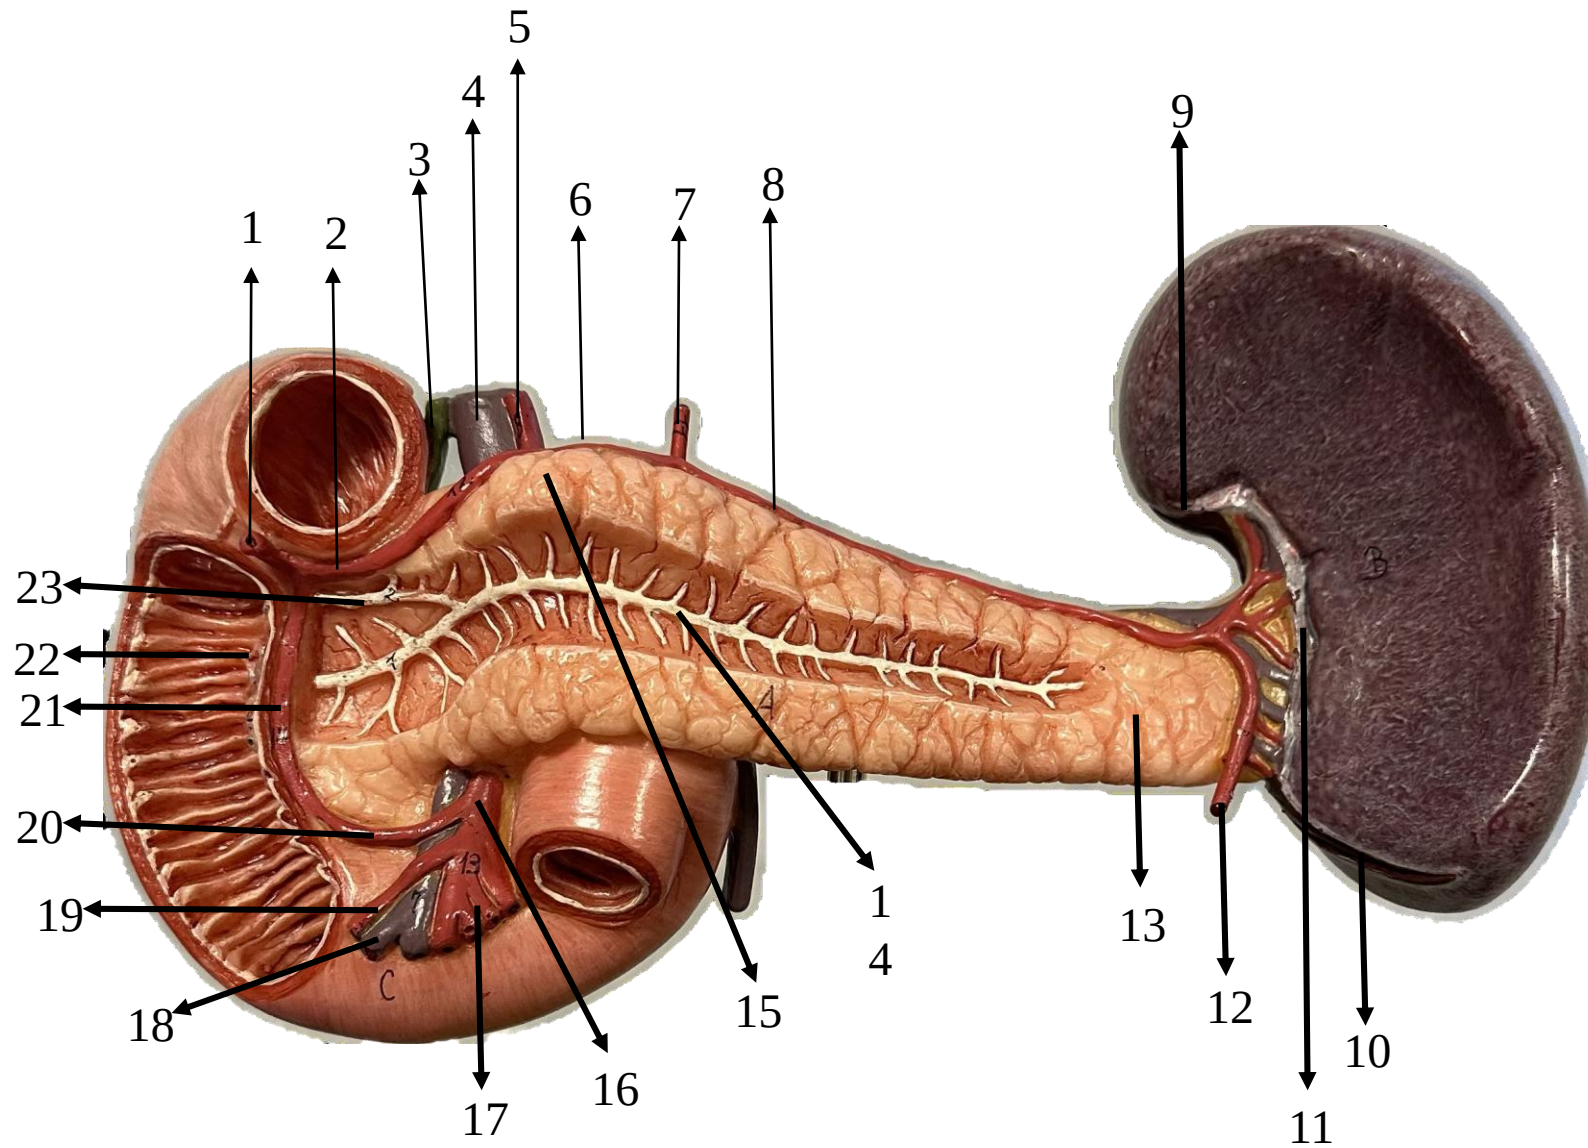

1. Incisura cardialis
2. Fundus gastricus
3. Corpus gastricum
4. Striatum circulare
5. Curvatura majör
6. Pars pylorica
7. Tunica seroza
8. Incisura angularis
9. Curvatura minör
10. Truncus vagalis anterior

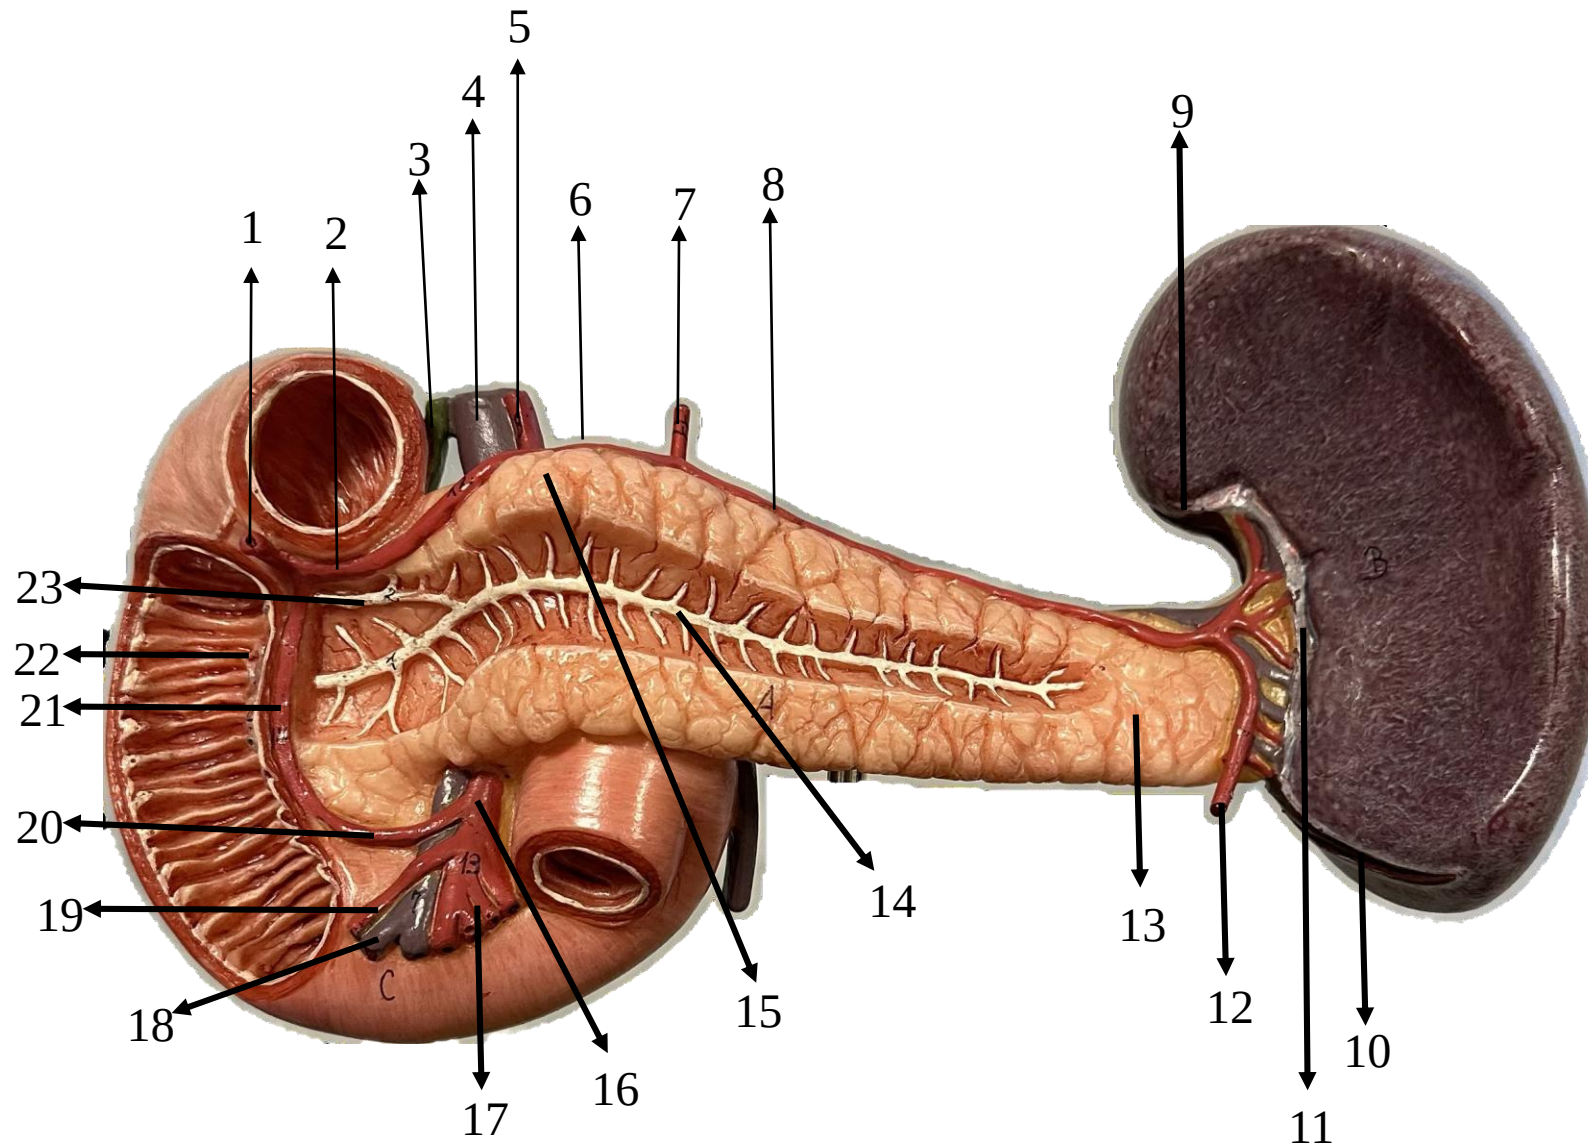

1. Fundus gastricus
2. Ostium cardiacum
3. Corpus gastricum
4. Tunica serosa
5. Tela subserosa
6. Tunica muscularis
7. Plica gastricae
8. Pars pylorica/Canalis pyloricus/Antrum pyloricum

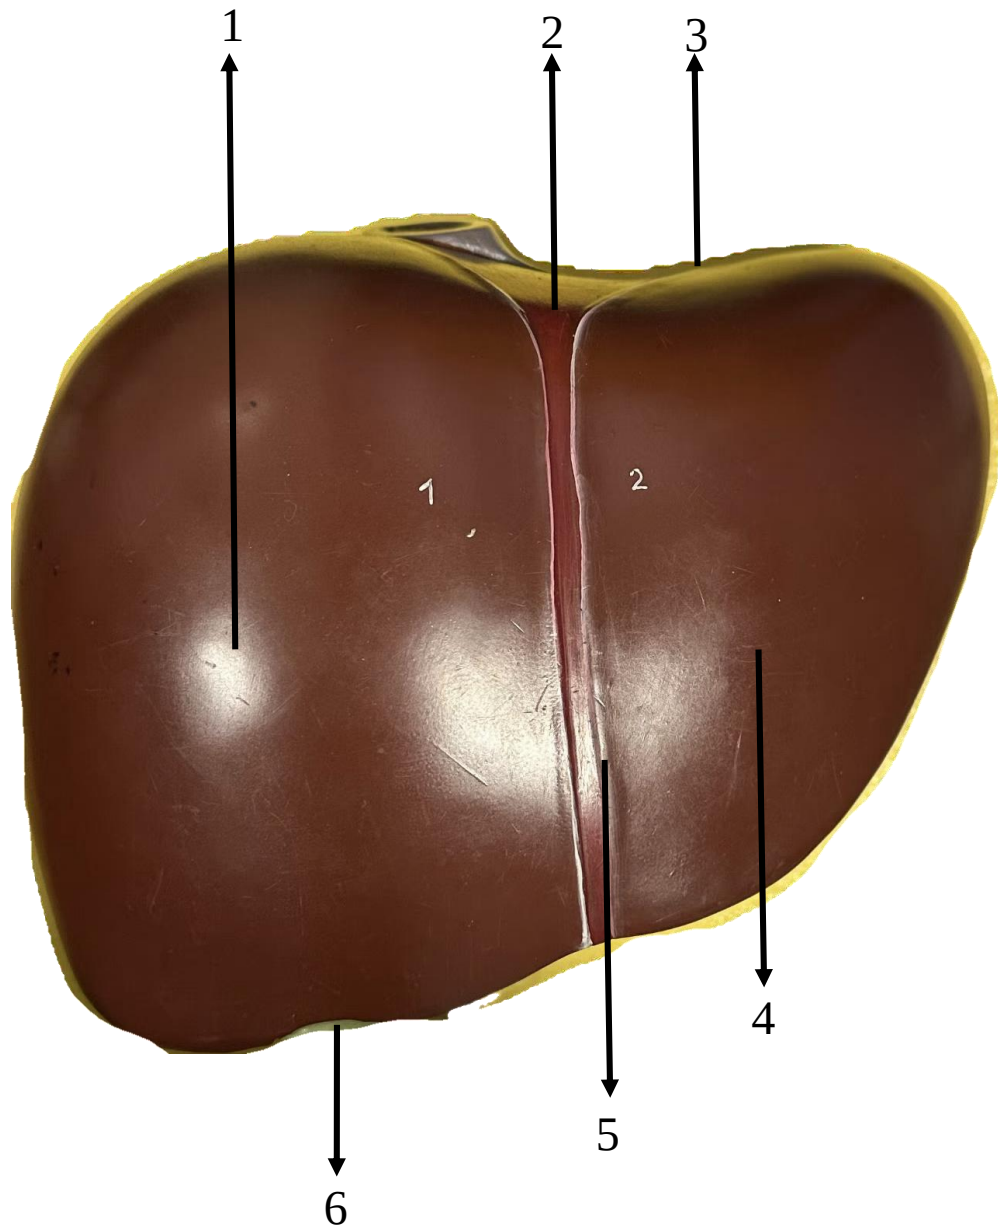

1. Ligamentum splenorenale
2. Ligamentum gastrosplenicum
3. Arteria splenica (lienalis)
4. Vena splenica (lienalis)
5. Truncus coeliacus
6. Arteria gastrica sinistra
7. Arteria hepatica communis
8. Arteria hepatica propria
9. Vena porta hepatis
10. Ductus choledochus
11. Vena mesenterica inferior
12. Arteria mesenterica superior
13. Vena mesenterica superior
14. Processus uncinatus
15. Caput pancreatis

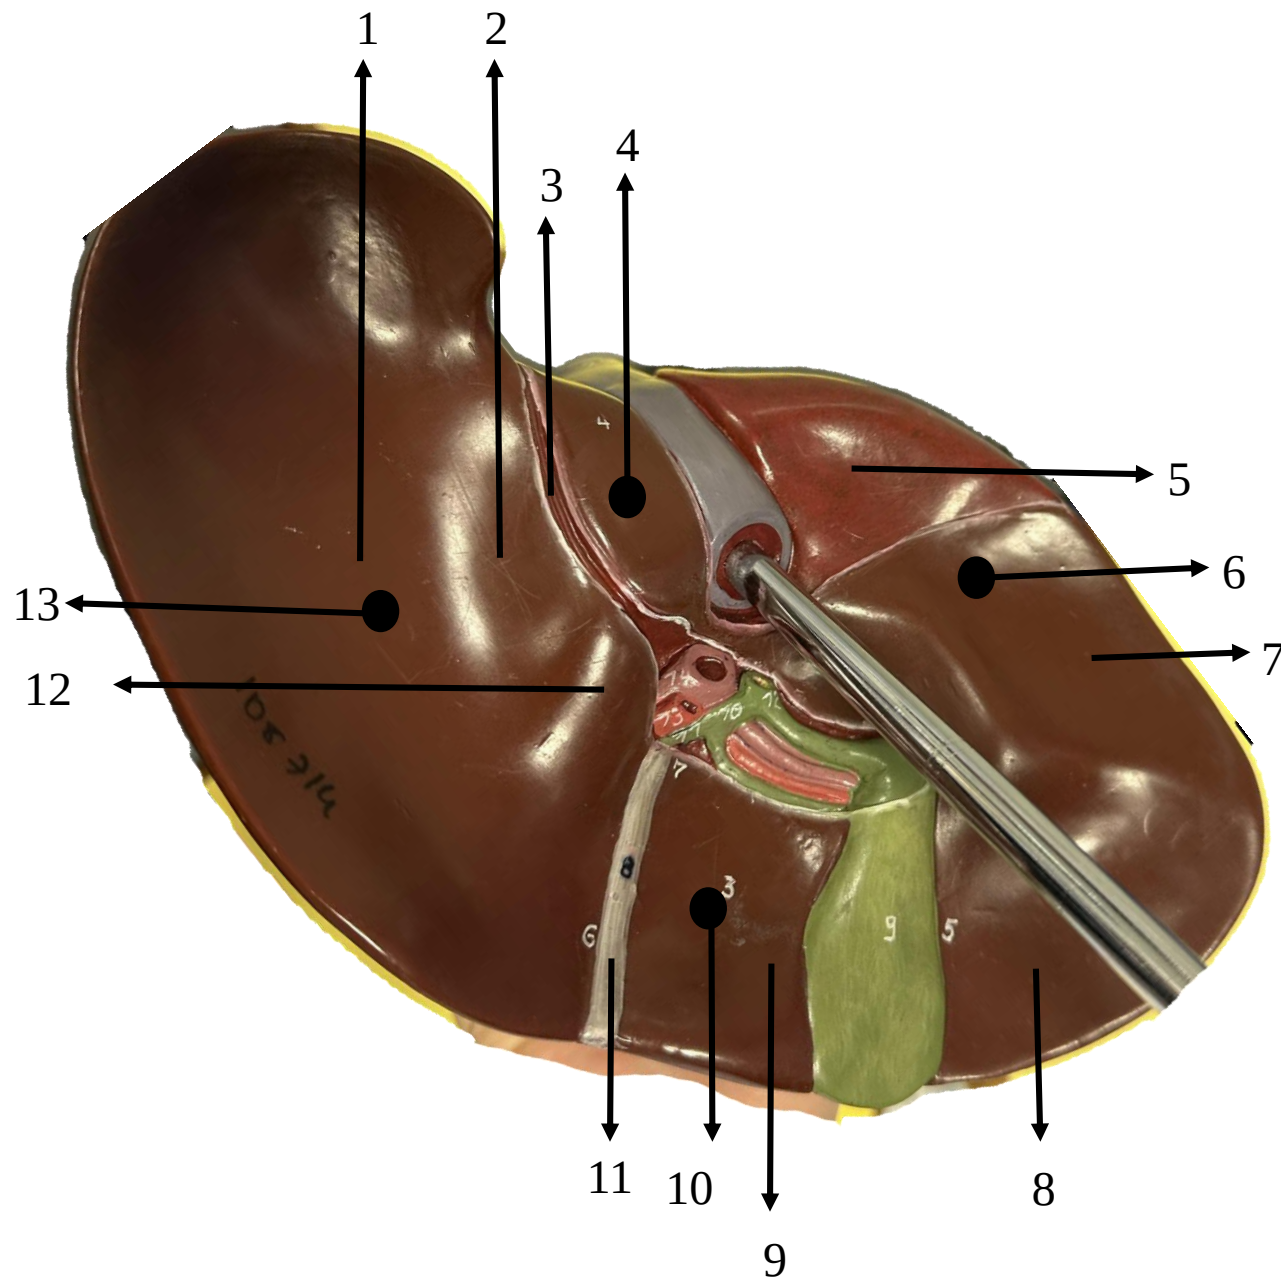

1. Arteria gastrointestinalis dextra
2. Arteria gastroduodenalis
3. Ductus choledochus
4. Vena porta hepatis
5. Arteria hepatica propria
6. Arteria hepatica communis
7. Arteria gastrica sinistra
8. Arteria splenica (lienalis)
9. Ligamentum gastrosplenicum
10. Ligamentum phrenicocolicum
11. Ligamentum splenorenale
12. Arteria gastroenterale sinistra
13. Cauda pancreatis
14. Ductus pancreaticus
15. Tuber omentale

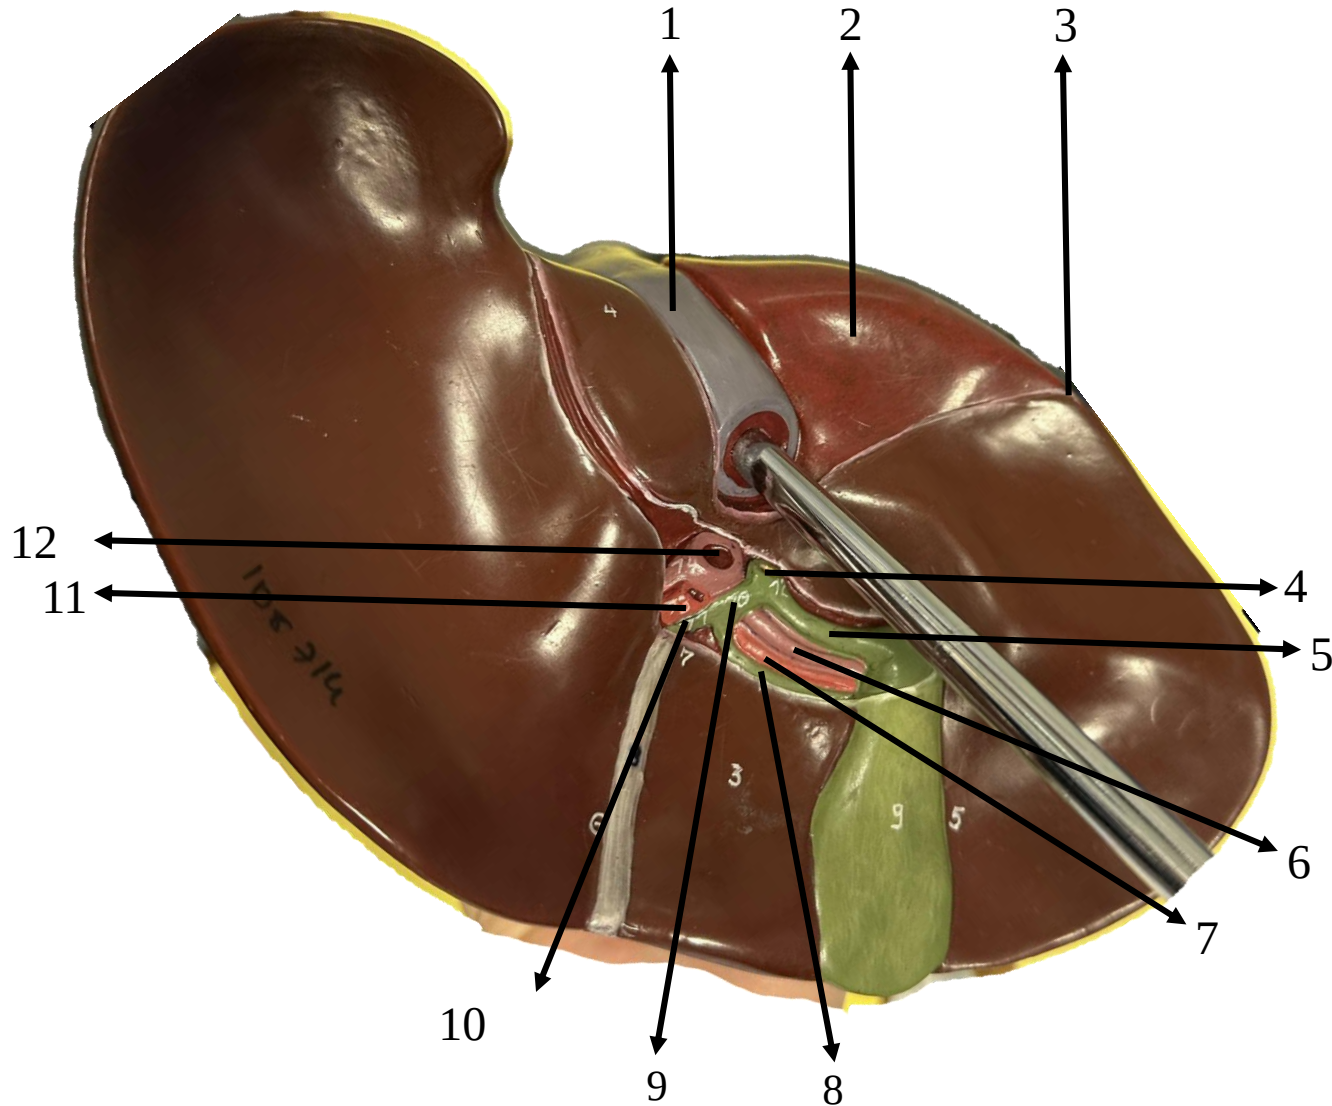

- 16. Arteria mesenterica superior
- 17. Arteriae jejunales
- 18. Vena colica dextra
- 19. Arteria colica dextra
- 20. Arteria pancreaticoduodenalis inferior
- 21. Arteria pancreaticoduodenalis superior
- 22. Papilla duodeni major
- 23. Ductus pancreaticus accessorius

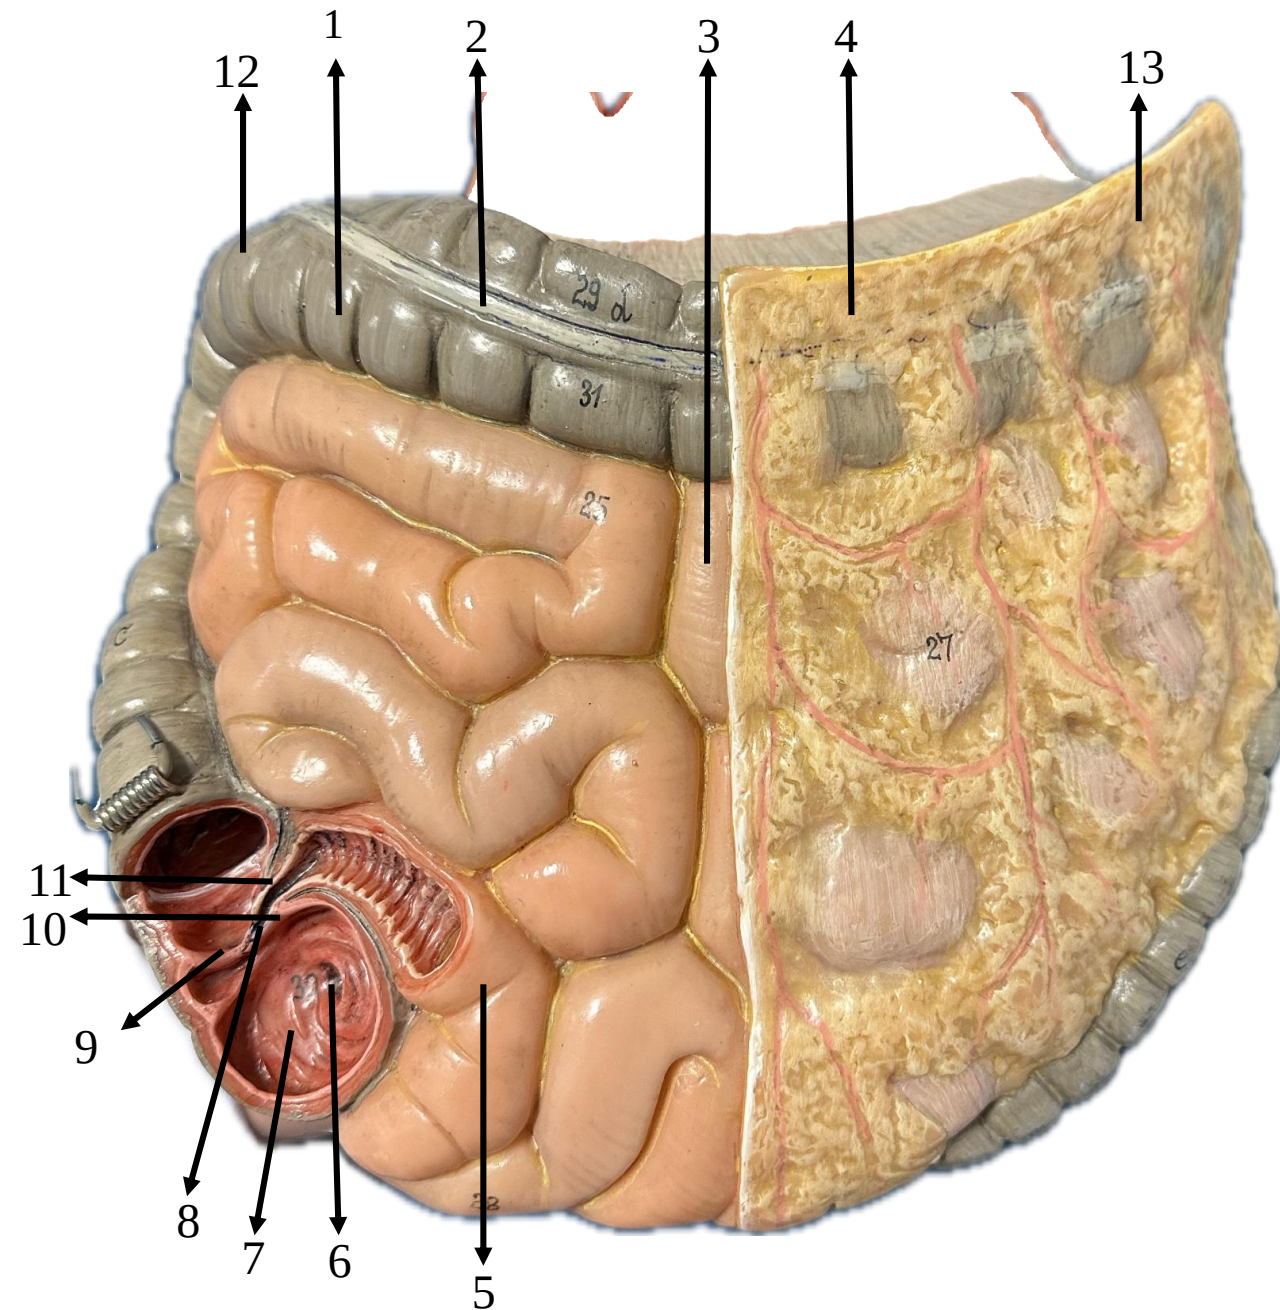

1. Lobus hepatis dexter
2. Area nuda
3. Ligamentum coronarium hepatis
4. Lobus hepatis sinister
5. Ligamentum falciforme hepatis
6. Fundus vesicae

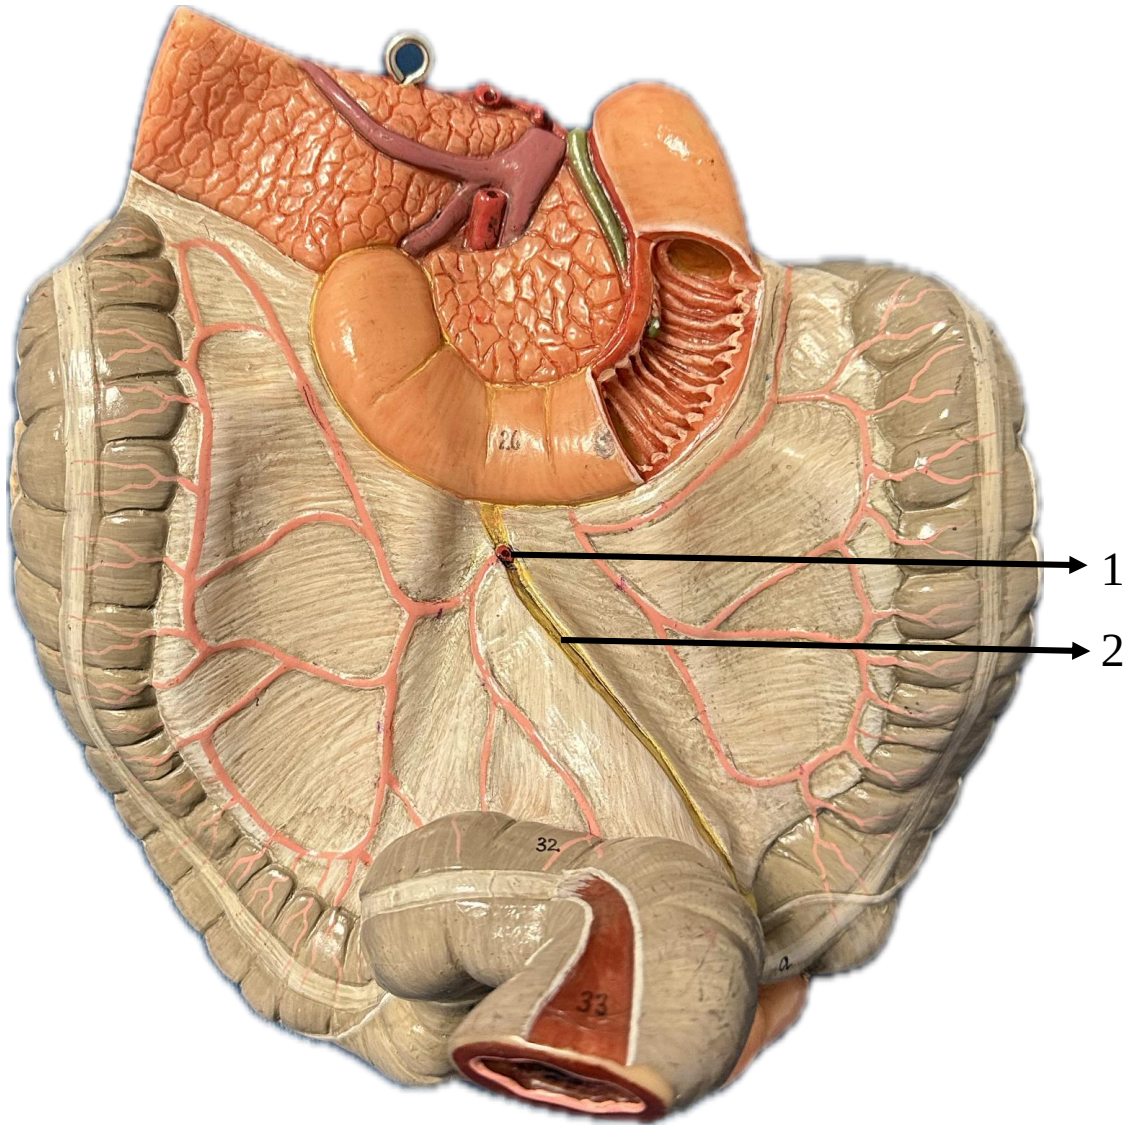

1. Impressio gastrica
2. Impressio oesophageales
3. Fissura ligamenti venosi
4. Lobus caudatus
5. Impressio suprarenalis
6. Lobus hepatis dexter
7. Impressio renalis
8. Impressio colica
9. Impressio duodenalis
10. Lobus quadratus
11. Ligamentum teres hepatis
12. Tuber omentale
13. Lobus hepatis sinister

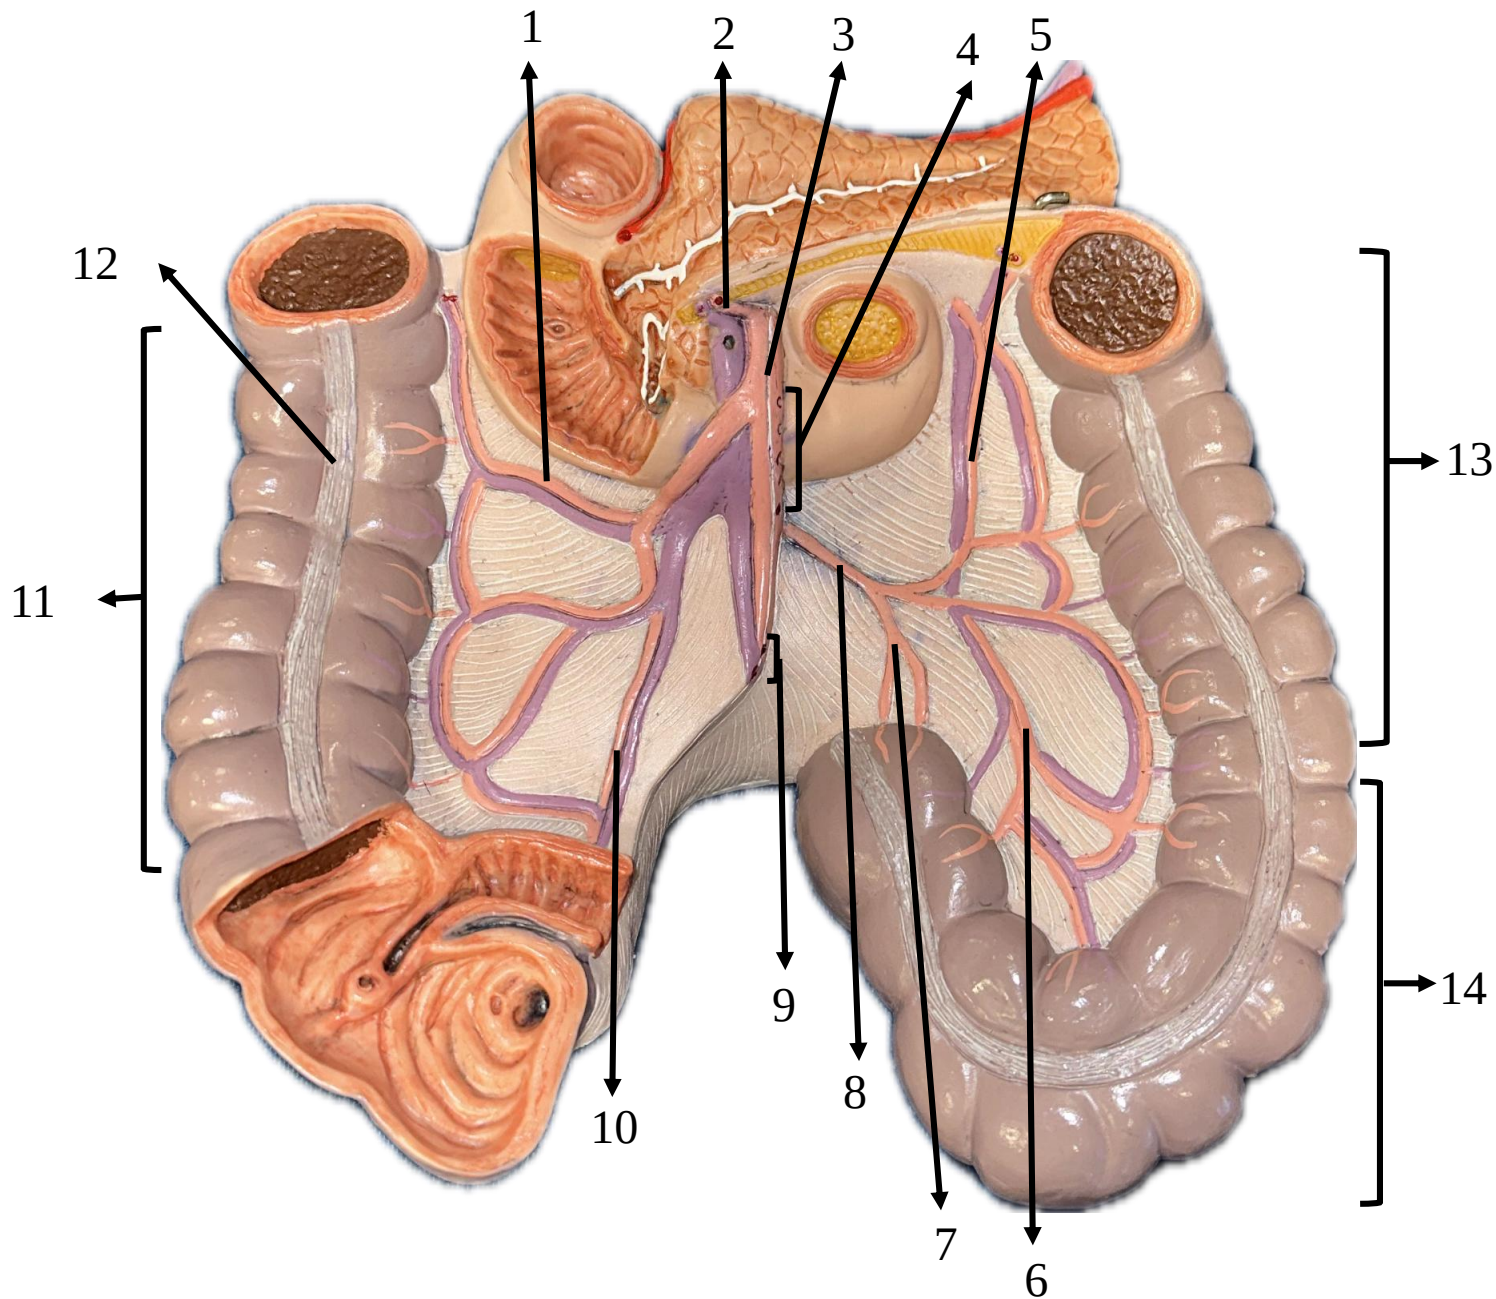

1. Vena cava inferior (sulcus vena cavae)
2. Area nuda
3. Ligamentum triangulare dexter
4. Ductus choledochus
5. Ductus cysticus
6. Vena cysticae
7. Arteria cysticae
8. Ductus hepaticus dexter
9. Ductus hepaticus communis
10. Ductus hepaticus sinister
11. Arteria hepatica propria
12. Vena porta hepatis

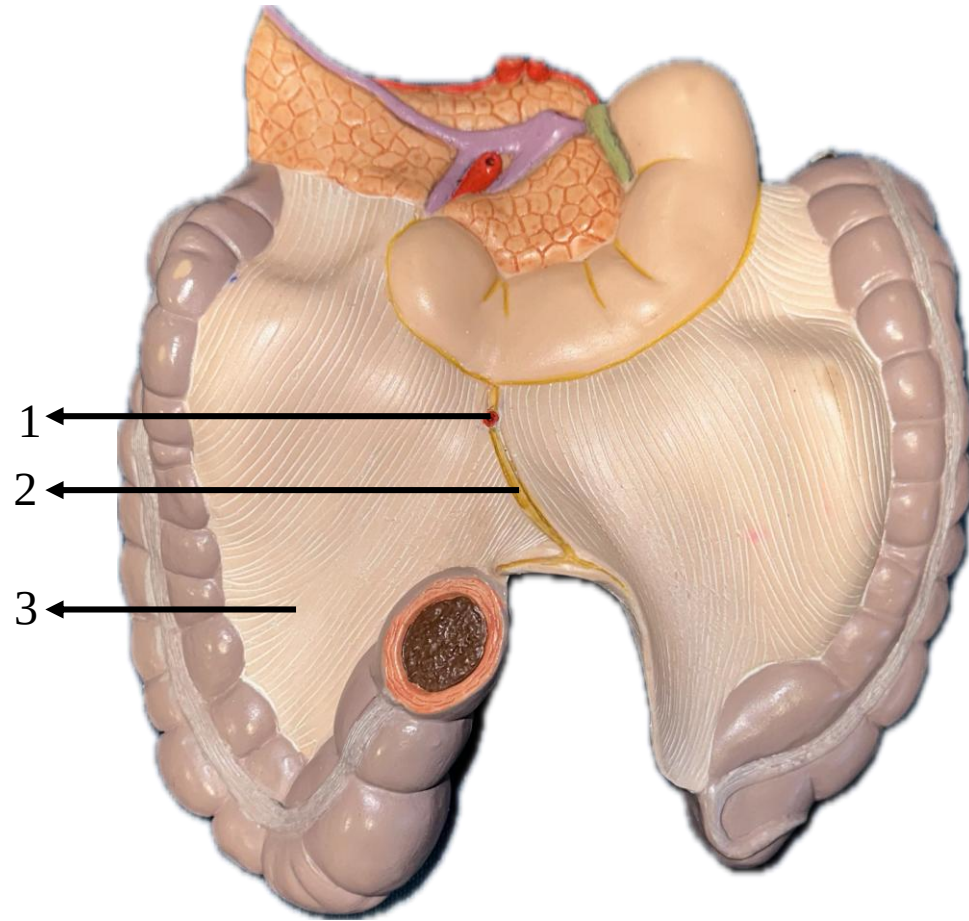

1. Haustra coli
2. Tenia omentalis
3. Jejunum
4. Omentum majus
5. Ileum
6. Ostium appendicis vermiformis
7. Ceacum
8. Ostium ileale
9. Frenulum ostii ileales
10. Labrum inferior
11. Labrum superior
12. Flexura coli dextra
13. Flexura coli sinistra

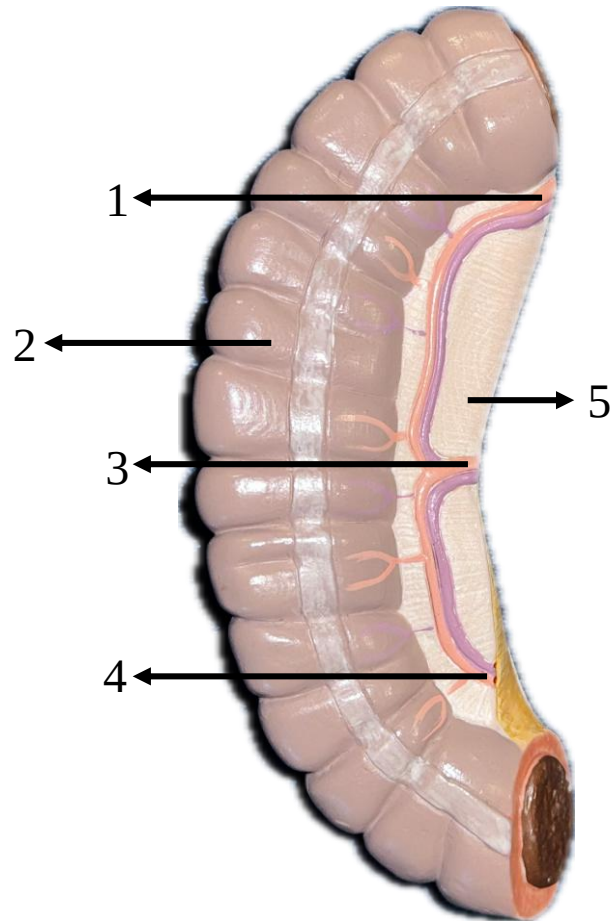

1. Arteria mesenterica inferior
2. Radix mesenterii

1. Arteria colica dextra
2. Arteria colica media
3. Arteria mesenterica superior
4. Arteriae jejunaes
5. Arteria colica sinistra
6. Arteriae sigmoidea
7. Arteria rectalis superior
8. Arteria mesenterica inferior
9. Arteriae ileales
10. Arteria ileocolica
11. Colon ascendens
12. Tenia libera
13. Colon descendens
14. Colon sigmoideum

1. Arteria mesenterica inferior
2. Radix mesenterii
3. Mesocolon sigmoideum

1. Arteria colica sinistra
2. Colon transversum
3. Arteria colica media
4. Arteria colica dextra
5. Mesocolon transversum
